

540 WORKMATE HARDTOP

The Surtees innovations keep on coming with an all-new 540 Workmate under a hardtop. The most compact hardtop in our range, the 540's cockpit delivers more fishing area than some boats twice the size.

It's easy to tow, easily launched from the beach, and features all the Surtees iQ that's made the brand famous, including water ballast technology, two fully sealed safety buoyancy compartments and one of the strongest hull designs on water. In fact, Surtees iQ makes our newest hardtop an even smarter choice!
